5 – POLICY

A. The Board of Education approved the second reading of a revision of Policy R4251 as follows:

**SAYREVILLE
BOARD OF EDUCATION
REGULATION**

FILE CODE: R4251
 Monitored
 Mandated
 Other Reasons

Employee Attendance Regulation

The Sayreville Board of Education believes that the regular presence of all personnel is vital to the success of the district's educational programs. Thus, the Superintendent has developed procedures to encourage all staff to strive for excellent attendance records. These procedures shall be in accordance with New Jersey statutes and district-negotiated contracts. Provisions shall also be made for acknowledgements of exceptional staff attendance records.

Guidelines for Staff Attendance

To ensure that absences are not excessive to the point of being harmful to the quality of the students' education, the following administrative guidelines shall apply:

1. Administrators shall review attendance reports **monthly during** each school year and shall conduct a conference **when applicable** with any employee whose attendance records indicate...
 - a. a pattern of absences taking place on the same day or days of the week.
 - b. a pattern of absences before or after non-working days.
 - c. the number of absences is approaching the yearly allocation of 7 days for 10 month employees or 9 days for 12 month employees. This will include **only sick days**.
 - d. the allowed sick leave has been habitually exhausted or nearly exhausted, and for any other related just reason.
2. A written summary of all conferences, excluding the initial informal discussion, will be prepared and ...
 - a. may be used in an evaluation as permitted by law.

- b. will become part of the employee's permanent personnel file.
 - c. may result in procedures which lead to the withholding of salary increments as permitted by law.
 - d. the employee may attach a response in accordance with the negotiated agreement.
 - e. employees with chronic health conditions, which are managed by a licensed health care professional, will not be subject to the disciplinary actions described in this policy.
3. After any of the conditions listed in Section 1 above are identified, a physician's written statement certifying disability may be required for:
- a. any day or days of sick leave claimed in accordance with Title 18A.
 - b. any absence which exceeds three (3) consecutive work days

Once a determination has been made to address the matter of an employee's absence, the following shall apply:

1. The administrator shall conduct an **informal** discussion with a staff member whose absence is excessive. The purpose of this initial step is to bring the matter to the employee's attention with the hope that improvement will be made. Continuous debilitating illness will obviate the need for this meeting.
2. At any time during the school year, the principal or his/her designee may conduct a formal conference with an employee whose absence is deemed excessive. Prior written notification shall be given 24 hours before a formal conference and shall include all pertinent facts and documents.
3. The administrator shall complete a summary report of the formal meeting. The summary shall include documents, records and items discussed. The summary report will be signed by the employee and the administrator and placed in the employee's personnel file. The employee shall have the right to attach written comments and documents to the report.
4. Three school months after the formal meeting, the administrator shall place in the employee's personnel file either a letter noting improvement or a letter noting continuing excessive absence.

5. If the excessive absence continues, the administrator shall in conjunction with the employee, design and implement a Corrective Action Plan (C.A.P.) for the purpose of improving the employee's attendance.
6. Regular excessive absence may be cause for disciplinary action, and employees whose absences are excessive may be recommended for salary increment withholding or non-renewal of a contract as permitted by law.
7. These guidelines and procedures will be administered both individually and collectively in a uniform and consistent manner by the administrative staff.
