| <input type="checkbox"/> English Language Arts Grade 11 | <input type="checkbox"/> Algebra 2 |

Please initial all items below

I take full responsibility and understand that my decision to not allow my child to test may:

____ Limit my student's ability to be identified for supplemental educational services which may include remedial or enrichment services including TAG.

____ If my student is in grades 10 or 11, he/she will lose the opportunity to demonstrate proficiency in ELA and math for their graduation testing requirements, requiring the need to take alternate proficiency assessments.

____ **If my child is in grades 8 or 9, the state requires that they take and receive valid scores on all PARCC tests for high school level courses for which they are eligible before they are able to satisfy the graduation requirement with an alternative assessment.**
