

Below is an important message from the Sayreville Public Schools regarding the 2019-2020 OnCourse Connect Annual Enrollment Update:

On February 25, 2019, in the afternoon, the Sayreville School District will activate the annual enrollment update portion of the OnCourse Connect Parent Portal for returning students entering PreK and Kindergarten for the 2019-2020 school year. To complete this update, you will simply need to log in to OnCourse Connect (<https://www.onscourseconnect.com>) and you will be automatically provided with the enrollment update forms. Once the enrollment update is complete, you will be automatically returned to the OnCourse Connect portal. Later this summer, student school schedules and bus routes will be posted to OnCourse Connect.

During July of 2019, the Sayreville School District will activate the annual enrollment update portion of the new OnCourse Connect Parent Portal for returning students entering grades 1-12. To complete this update, you will simply need to log in to OnCourse Connect (<https://www.onscourseconnect.com>) and you will be automatically provided with the enrollment update forms. Once the enrollment update is complete, you will be automatically returned to the OnCourse Connect portal. Later this summer, student school schedules and bus routes will be posted to OnCourse Connect.

In order to complete the annual enrollment update, you need a device with internet access and an OnCourse Connect account. OnCourse Connect accounts were issued during the 2018-2019 school year. Each guardian has a single unique OnCourse Connect login for all students associated with his/her account. If you do not know your OnCourse Connect Guardian account login you can use the forgot password link on the OnCourse Connect home page (<https://www.onscourseconnect.com>) or contact [parent.portal@sayrevillek12.net](mailto:parent.portal@sayrevillek12.net). Please note the forgot password option will only work if you have an existing OnCourse Connect account.

Parents/Guardians of newly registered students, students can obtain an OnCourse Connect account after their registration has been processed by using the forgot password link on the OnCourse Connect homepage. These parents will NOT need to do the annual registration update, as they have already supplied registration forms for this year.

Please note that, students are not eligible for OnCourse Connect accounts at this time. Students in the middle and high schools have been issued OnCourse Connect Student Accounts. Students entering the middle school for the first time will be issued a student accounts to OnCourse Connect. Student accounts will never be eligible to complete the annual enrollment update, only guardian accounts are provided with this feature.

If you have any technical questions, or other problems pertaining to the OnCourse Connect Parent Portal, please e-mail [parent.portal@sayrevillek12.net](mailto:parent.portal@sayrevillek12.net). Additional information on OnCourse Connect can be found on our district website: <http://www.sayrevillek12.net/parents/registration>

You can preview the full OnCourse Connect system from this demonstration video <https://oncoursesystems.wistia.com/medias/rgbtw1285z>

Thank you for your participation in our transition to OnCourse Connect.
