1,391
Total Students

06-08 Grades Offered

## Overview & Resources

District: Sayreville School District

800 Washington Road

Parlin, NJ 08859-1050

The School Performance Reports reflect the New Jersey Department of Education's (NJDOE) commitment to providing parents, students, and school communities with a large variety of information about each school and district. These reports can be used as a tool to help evaluate whether all students have equitable access to high quality education. We encourage you to use these reports to:

- · Learn more about the school and the district
- . Start conversations with school community members and ask questions
- · Engage with school communities to identify where schools are doing well and where they can improve

Important Notes for 2021-22 Reports: The 2021-22 School Performance Reports include nearly all data that was previously reported prior to the COVID-19 pandemic, such assessment results and accountability data. However, the 2021-22 reports will not include student growth as measured by median student growth percentiles (mSGPs) because individual student growth percentiles (SGPs) were not calculated for the 2021-22 school year due to lack of prior test results for the 2019-20 and 2020-21 school years. The student growth section of the reports will include a link to an alternate measure of academic progress that will be used for accountability determinations for the 2021-22 school year. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

School Performance Report Resources: The NJDOE has several resource documents that can help you understand and use the School Performance Reports, which can also be found under the "Resource Documents" link at the top of the page:

- . One-page guides to help start conversations for administrators, educators, elementary, and middle and high school families
- . Reference Guide with details on all the data in these reports
- · Frequently Asked Questions
- · Understanding Adjusted Cohort Graduation Rates
- Understanding Student Growth Percentiles
- Data Privacy Rules (why you see \*'s and N's in the reports)

Let the NJDOE know how we can improve future reports by taking our <u>feedback survey</u>. Contact <u>reportcard@doe.nj.gov</u> with any questions about the reports

# Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students that attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

#### **Enrollment Trends by Grade**

This table shows the number of students enrolled by grade for the past three school years. Any students enrolled outside of the grades offered will be included in the total enrollment.

Grade	2019-20	2020-21	2021-22
6	495	435	457
7	455	489	443
8	485	459	491
Total	1,435	1,383	1,391

#### **Enrollment Trends by Student Group**

This table shows the percentage of students by student group for the past three school years. 2019-20 was the first year that data was collected for non-binary/undesignated gender and, as a result, data may not be a true representation of the student population. Additionally, to protect student privacy, gender percentages for 2019-20 are rounded to the nearest 0.5 and percentages for 2020-21 and 2021-22 may show a range, depending on the overall school population size.

Student Group	2019-20	2020-21	2021-22
Female	50.0%	49.0%	49.0%
Male	50.0%	51.0%	51.0%
Non-Binary/Undesignated Gender	<1%	≤1%	≤1%
Economically Disadvantaged Students	36.5%	28.6%	32.3%
Students with Disabilities	17.5%	19.3%	18.3%
English Learners	3.5%	2.9%	4.8%
Homeless Students	0.1%	0.1%	0.0%
Students in Foster Care	0.1%	0.0%	0.1%
Military-Connected Students	0.3%	0.4%	0.5%
Migrant Students	0.0%	0.0%	0.0%

## **Enrollment by Racial and Ethnic Group**

This table shows the percentage of students by racial and ethnic group for the past three school years.

Racial And Ethnic Group	2019-20	2020-21	2021-22
White	37.7%	39.2%	38.6%
Hispanic	25.8%	23.1%	23.7%
Black or African American	16.2%	16.4%	15.3%
Asian	16.2%	16.6%	16.2%
Native Hawaiian or Pacific Islander	0.3%	0.2%	0.2%
American Indian or Alaska Native	0.5%	0.7%	1.1%
Two Or More Races	3.3%	3.9%	4.8%

## Student Growth

Student growth is a measure of how much students are learning each year. New Jersey's ESSA state plan outlines that academic progress will be measured with school's median student growth percentile (mSGP) on statewide ELA and mathematics assessments. Each individual student receives a Student Growth Percentile (SGP) for English Language Arts (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7. The SGP measures their academic progress from one year to the next compared to other students with similar prior test scores (academic peers).

Important Note for 2021-22 Reports: The calculation of the NJLSA in both 2019-20 and 2020-21, SGPs were not calculated for 2019-2020, 2020-2021, or 2021-2022. The 2021-22 reports will not include any mSGP data.

The NJDOE received approved through the <u>COVID-19 State Plan Addendum</u>, to use an alternative method to calculate academic progress for the 2021-22 school year based on aggregate score improvement on the NJSLA at the schoolwide and student group level between 2018-2019 and 2021-2022. For 2021-22, the NJDOE measured academic progress in ELA and mathematics using Relative School Improvement Measure (RSIM). Results of the RSIM measure are available on the <u>NJDOE's Accountability page</u> under 2022 Accountability Data.

## Academic Achievement

† Target was met within a confidence interval.

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

Important Note for 2021-22: NJSLA data is not available for 2019-20 or 2020-21 due to federal waivers and assessment cancellations and DLM and ACCESS for ELLs data is not available for 2019-20. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

## **English Language Arts and Mathematics Performance Trends**

These graphs show trends in the Proficiency Rate for Federal Accountability over the last three years. The data includes the results of students taking both the New Jersey Student Learning Assessment (NJSLA) and the DLM alternate assessment for English language arts (ELA) and mathematics. The Proficiency Rate for Federal Accountability measures the percentage of students that met or exceeded expectations on the assessments (NJSLA or DLM) with an adjustment made if the participation rate is below 95% to ensure reporting on at least 95% of students. Students that were enrolled for less than half a school year are excluded from performance results. The table below provides participation rates, proficiency rates, annual targets and status in meeting the targets, and statewide proficiency rates.

Important note for 2021-22: Due to the cancellation of statewide assessments in 2019-20 and 2020-21, statewide assessment results are not available for the 2019-20 and 2020-21 school years.

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

Important Note for 2021-22: NJSLA data is not available for 2019-20 or 2020-21 due to federal waivers and assessment cancellations and DLM and ACCESS for ELLs data is not available for 2019-20. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

#### **English Language Arts Assessment - Participation and Performance**

This table shows performance on statewide assessments for English language arts(ELA) both overall and by students group. It includes the results of students taking both the NJSLA assessments. NJSLA results include only students in grades 3 through 9. Students that were enrolled for less than half a school year are excluded from performance results. Student are considered to have met or exceeded expectations if they score at Level 4 or 5 on the NJSLA assessment.

This table shows both the percentage of students that met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long term goal of 80% proficiency by 2032. Annual targets are specific to each subgroup, school, and district and represent the expected proficiency needed to stay on track to meet the state's long term goal. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see the <a href="https://www.nyseemi.org/nyse

#### **Mathematics Assessment - Participation and Performance**

This table shows performance on statewide assessments for mathematics both overall and by student group. It includes the results of students taking both the NJSLA and DLM assessments. NJSLA results include students taking end-of-garde assessments in grades 3 through 8, as well as end-of-course assessments (Algebra I, Geometry, Algebra II) in middle school and high school. High school mathematics assessment results include all results for Algebra I and Geometry and/or Algebra II results only for students who took Algebra I in middle school and who are enrolled in their first high school mathematics course that corresponds to an end-of-course assessment. Students that were enrolled for less than half a school year are excluded from performance results. Student are considered to have met or exceeded expectations if they score at Level 4 or 5 on the NJSLA assessment or at Level 3 or 4 on the DLM assessment.

This table shows both the percentage of students that met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long term goal of 80% proficiency by 2032. Annual targets are specific to each subgroup, school, and district and represent the expected proficiency needed to stay on track to meet the state's long term goal. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see the <a href="https://www.numenton.org/NJDEAccountability">NJDEAccountability page</a>. More information and additional data can also be found on the <a href="https://www.numenton.org/NJDEAccountability">NJDEAccountability page</a>. More information and additional data can also be found on the <a href="https://www.numenton.org/NJDEAccountability">NJDEAccountability page</a>. More information and additional data can also be found on the <a href="https://www.numenton.org/NJDEAccountability">NJDEAccountability page</a>.

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

Important Note for 2021-22: NJSLA data is not available for 2019-20 or 2020-21 due to federal waivers and assessment cancellations and DLM and ACCESS for ELLs data is not available for 2019-20. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

#### Mathematics Assessment - Performance By Grade: Grade 6

This table shows performance on the Mathematics section of the New Jersey Student Learning Assessment (NJSLA). The performance results in this table include all students that took the NJSLA assessment, which includes students that were enrolled less than half a year. Students in sixth grade who were enrolled in an Algebra I course during the 2021-22 school year were required to take both the Algebra I and Grade 6 mathematics assessment. The results of the Grade 6 mathematics assessment are included in this data.

# Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

Important Note for 2021-22: NJSLA data is not available for 2019-20 or 2020-21 due to federal waivers and assessment cancellations and DLM and ACCESS for ELLs data is not available for 2019-20. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

#### Mathematics Assessment - Performance By Test: Algebra I

This table shows performance on the NJSLA Algebra I end-of-course assessment. The performance results in this table include all students that took the NJSLA assessment, it does not exclude students that were enrolled less than half a year.

This includes any students who were enrolled in an Algebra I course and took the Algebra I assessment in grades 7 through 12. Students in sixth grade who were enrolled in Algebra I course during the 2021-22 school year were required to take both the Algebra I and Grade 6 mathematics assessment. The results of their Algebra I assessment are not included in these results but will be reported when the student in in grade 9.

Important Note for 2021-22: The NJDOE recommends caution in comparing the 2021-22 Algebra I performance to data prior to 2019-20, as the population of students taking this assessment has changed as a result of new high school testing requirements. NJSLA data is not available for the 2020-21 or 2019-20 school years.

- \*\* Accountability calculations require 20 or more students
- N No Data is available to display
- † This indicates a table specific note, see note below table

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

Important Note for 2021-22: NJSLA data is not available for 2019-20 or 2020-21 due to federal waivers and assessment cancellations and DLM and ACCESS for ELLs data is not available for 2019-20. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

#### **English Language Proficiency Test - Participation and Performance**

This table shows, by years in district, the number of English learner students taking the ACCESS for ELLs 2.0 Assessment for English language proficiency and the percentage of students tested that received an overall score of 4.5 or above. Students must receive a score of 4.5 or higher to be considered for proficient status.

Years in District	# Students Tested	% Students with Overall Score Below 4.5	% Students with Overall Score 4.5 or Above
0-2	30	*	*
3-4	16	*	*
5 or more	11	*	*

#### **English Language Progress to Proficiency**

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. A student's expected growth is based on the student's initial year proficiency level and student growth expectations are increased by equal intervals each year so that the student meets the proficiency cut score of 4.5 within five years. The table shows the annual target for the percentage of students making expected growth and whether that target was met.

Student Group	Percent of English learners making expected growth to proficiency	Annual Target	Met Target?
Schoolwide/English Learners	13.6%	22.5%	Met Target†
† Target was met within one standard deviation.

# **Academic Achievement**

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grades 5, 8, and 11 take the NJSLA-Science assessment. Students receive a score of Level 1, 2, 3, or 4 where levels 3 and 4 represent proficiency. Visit the NJSLA-Science website for more information about NJSLA-S. These results do not include students that took the Dynamic Learning Maps (DLM) Science assessment. Visit the assessment reports page for DLM results.

# Climate and Environment

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. Chronic absenteeism is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

Important Note for 2021-22: The NJD0E recommends caution in comparing the 2021-22 chronic absenteeism rates with the rates from 2020-21 and rates prior to 2019-20 as the pandemic has impacted attendance rates over the last three years.

#### **Chronic Absenteeism**

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Student Group	# of Students Chronically Absent	% of Students Chronically Absent	State Average	Met State Average
Schoolwide	204	14.6%	16.4%	Met
White	96	17.7%	16.4%	Not Met
Hispanic	59	18.0%	16.4%	Not Met
Black or African American	21	9.8%	16.4%	Met
Asian, Native Hawaiian, or Pacific Islander	17	7.4%	16.4%	Met
American Indian or Alaska Native	2	13.3%	**	**
Two or More Races	9	13.4%	16.4%	Met

# Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the NJDOE School Performance webpage. Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Important note for 2021-22: The NJDOE recommends caution in comparing the 2021-22 student safety data with the data from 2020-21 and 2019-20 as the pandemic impacted the data from those years.

#### Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	34
Weapons	1
Vandalism	2
Substances	9
Harassment, Intimidation, Bullying (HIB)	12
Total Unique Incidents	58
Incidents Per 100 Students Enrolled	4.17

Police Notifications  This table shows, by incident type, the number of cases where an incident led to police notification.					
Incident Type	Incidents Reported to Police				
Violence	5				
Weapons	1				
Vandalism	1				
Substances	1				
Harassment, Intimidation, Bullying (HIB)	1				
Other Incidents Leading to Removal	2

#### Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bulling (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations
Race	2	3	5
Religion	0	0	0
Ancestry	1	1	2
Gender	0	5	5
Sexual Orientation	0	5	5
Disability	0	2	2
Other	0	6	6
No Identified Nature	9		9

#### **Student Disciplinary Removals**

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

Removal Type	Number of Students	Percent of Students
In-School Suspensions	62	4.5%
Out-of-School Suspensions	85	6.1%
Any Suspension	114	8.2%
Removal to other education program	*	*
Expulsion	0	0.0%
Arrest	0	0.0%

School Days Missed due to Out-of-School Suspensions

509

(23-4660-055) 2021-2022

- † This indicates a table specific note, see note below table

# Climate and Environment

#### **School Day**

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:15 AM
Typical End Time	2:45 PM
Length of School Day	6 Hrs. 30 Mins.
Full Time - Instructional Time	5 Hrs. 26 Mins.
Shared Time - Instructional Time	3 Hrs. 26 Mins.

#### **Device Ratios**

This table shows the student to device ratio, which is the number of students in grades PK-12 per device, including devices designated for instruction, testing, and remote learning. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for online testing and digital learning in grades PreK through 12. This information comes from the elective NJTRAx survey and reflects data submitted as of October 2022, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low student to device ratio due to this policy decision.

School Year	Student to Device Ratio
2021-2022	1:1

## **Student Access to Technology and Internet**

In response to the COVID-19 pandemic, the NJDOE began collecting information on student device types, device owners, and internet connectivity during the 2020-2021 school year. Additional reports about student access to technology and internet connectivity as of the end of the 2021-2022 school year can be found on the NJDOE website.

## Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

#### Key terms for staff data:

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators.

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, of if the teacher has an expired certificate.

#### **Teachers – Experience**

This table shows information about the experience of teachers assigned to this school and across the state. No teachers in New Jersey are teaching under emergency or provisional credentials as defined the United States Department of Education. The number of out-of-field teachers is the number of teachers who are potentially teaching outside of their area of certification.

Category	Teachers in	Teachers in	
Category	School	State	
Total Number of teachers	123	118,773	
Average years experience in public schools	11.7	12.5	
Average years experience in district	11.7	11.3	
Percentage of Teachers with 4 or more years experience in the district	78.0%	76.0%	
Number of out-of-field teachers	0	2,937	

#### Administrators - Experience (District Level)

This table shows information about the experience of administrators assigned to this district and across the state.

Category	Admin. in District	Admin. in State
Total Number of administrators	35	9,578
Average years experience in public schools	14.6	16.5
Average years experience in district	14.6	12.6
Percentage of Administrators with 4 or more years experience in the district	91.4%	78.8%

## Staff Counts

This table shows the number of staff members assigned to the school, district, and state across several staff categories. The staff counts in this table reflect data submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Additionally, some staff members may be assigned to the district only, but work in multiple schools in the district. In these cases, the table may show 0 staff members assigned to the school, even though there are district staff members working in the school.

Staff Category	School: Total Staff Members	District: Total Staff Members	State: Total Staff Members
Teachers	123	552	118,773
Administrators	3	35	9,578
Librarians/Media Specialists	1	7	1,212
Nurses	N	7	2,911
School Counselors	3	17	4,324
Child Study Team Members	4	34	9,115
School Psychologists	1	6	2,159
School Social Workers	1	6	2,487
Student Assistance Coordinators	1	2	372
School Safety Specialists	N	N	34

(23-4660-055) 2021-2022

This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, of if the teacher has an expired certificate.

#### **Student and Staff Ratios**

This table shows ratios of students and staff members in the school and district. The ratios are based on data submitted by districts to NJ SMART and are not based on staff full-time equivalent (FTE).

Ratio	School Ratio	District Ratio
Students to Teachers	11:1	11:1
Students to Administrators	464:1	180:1
Teachers to Administrators	41:1	16:1
Students to Librarians/Media Specialists †	1391:1	898:1
Students to Nurses †	N	898:1
Students to Counselors †	464:1	370:1
Students to Child Study Team Members †,††	64:1	32:1
Students to School Psychologists †	1391:1	1048:1
Students to School Social Workers †	1391:1	1048:1
Students to Student Assistance Coordinators †	1391:1	3143:1
Students to School Safety Specialists †	N	N

- † In some districts, staff members in these roles who work in multiple schools may be assigned only to the district and not to individual schools. As a result, a School Ratio may show N, but there may be district assigned staff working in the school
- †† Child Study Team members include school psychologists, school social workers, and learning disabilities teacher consultants also note that for the ratio compares Students with Disabilities instead of all students.

## Teachers and Administrators - Demographics

This table compares the percentage of students, teachers, and administrators by gender and by racial and ethnic group. 2019-20 was the first year that data was collected for non-binary/undesignated gender and, as a result, the data may not be a true representation of the student or staff population. Additionally, to protect student privacy, gender percentages for 2019-20 are rounded to the nearest 0.5 and percentages for 2020-21 and 2021-22 may show a range, depending on the overall school population size.

Category	Students in School	Teachers in School	Administrators in School	Students in State	Teachers in State	Administrators in State
Female	49.0%	65-70%	*	48.0%	77.0%	56.0%
Male	51.0%	30-35%	*	52.0%	23.0%	44.0%
Non-Binary/Undesignated Gender	≤1%	≤5%	*	≤1%	≤1%	≤1%
White	38.6%	93.5%	100.0%	40.1%	82.6%	76.3%
Hispanic	23.7%	4.9%	0.0%	32.1%	8.1%	8.1%
Black or African American	15.3%	0.8%	0.0%	14.6%	6.5%	13.9%
Asian	16.2%	0.8%	0.0%	10.1%	2.3%	1.3%
American Indian or Alaska Native	1.1%	0.0%	0.0%	0.2%	0.1%	0.1%
Native Hawaiian or Pacific Islander	0.2%	0.0%	0.0%	0.2%	0.2%	0.1%
Two or More Races	4.8%	0.0%	0.0%	2.7%	0.2%	0.3%

(23-4660-055) 2021-2022

This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, of if the teacher has an expired certificate.

#### **Teachers and Administrators - One-Year Retention (District Level)**

This table shows the percentage of teachers and administrators assigned to this district in 2020-21 that were still assigned to this district in 2021-22. Staff who were not retained may have changed districts or no longer work for the state (including retirements).

Job Type	District	State
2020-21 Teachers: Same district 2021-22	92.9%	90.7%
2020-21 Administrators: Same district 2021-22	100.0%	87.4%

## Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

#### Key terms for staff data:

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators.

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, of if the teacher has an expired certificate.

#### **Teachers by Subject Area**

This table shows the counts of teachers by subject area with gender breakdown, experience, and level of education. The staff counts in this table reflect staff assignments as submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Note that some teachers may teach in multiple subject areas and may be counted more than once in this table or they may only be counted in their primary subject area. Additionally, in many elementary schools teachers are not assigned to specific subject areas, so teachers will appear in the Elementary (Not Subject Specific) category and not in the other subject areas, but that does not mean those subjects are not being taught in the school. Special Education and Bilingual teachers are generally assigned to a subject area and also either special education or bilingual, so those teachers will be counted in multiple subject areas.

Subject Area	Total Number of Teachers		% Male	% Non-binary or Undesignated Gender	% White	% Hispanic	% Black or African American	% Asian	% Native Hawaiian, Pacific Islander	% American Indian or Native American		% 4 or more years experience in the district	% Bachelor's Degree(Highest Degree)	% Master's Degree(Highest Degree)	% Doctoral Degree(Highest Degree)

# Per-Pupil Expenditures

## **Per-Pupil Expenditures by Source**

The table below summarizes the most recently available expenses for regular and special education students taught at schools in the district. The amounts include both actual personnel and actual non-personnel expenditures and include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities. An overall cost per pupil for a given school can be calculated by adding the Central Expenditures and the Expenditures Not Assigned to a School to the School Level Expenditures reported for that school. The Average Daily Enrollment (ADE\*\*) comes from the 2021-22 School Registry Summary (SRS).

For more information regarding this table please refer to the guidance for school level reporting, which is available on the NJDOE webpage <u>NJDOE webpage ESSA School Level Reporting Information</u>. More in-depth information about district and charter school spending can be found in the <u>User Friendly Budget</u> and the <u>Comprehensive Annual Financial Report (CAFR) and Auditor Management Reports (AMRs).</u>

Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.

Link to District Summary of 2021-22 School-Level Per Pupil Expenditures by Source

An option to download all school-level summaries by district in one spreadsheet is also available. However, because districts have flexibility in how certain costs are allocated to individual schools, school-level costs should not be compared between schools in different districts.

## Accountability

New Jersey's Every Student Succeeds Act (ESSA) Accountability System New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). Based on New Jersey's approved ESSA state plan, NJDOE will identify schools in the following four federal categories every three years:

- · Comprehensive Support and Improvement (CSI): Overall Low Performing:
  - · Schools with a summative score in the bottom 5% of Title I schools.
- · Comprehensive Support and Improvement (CSI): Low Graduation Rate:
- High schools with a four-year graduation rate of 67% or less
- · Additional Targeted Support and Improvement: Low Performing Student Group (ATSI):
  - . Schools with one or more student group with a summative score that would be in the bottom 5% of Title I schools
- · Comprehensive Support and Improvement (CSI): Chronically Low Performing:
  - Title I schools identified as Additional Targeted Support and Improvement; Low Performing Student Group (ATSI) that are identified for three or more consecutive years, i.e. ATSI schools that do not meet exit criteria.
  - The NJDOE has not yet identified schools in this category as no ATSI schools have been in status for three or more years.

Annually, NJDOE will identify schools in the following federal category:

- · Targeted Support and Improvement: Consistently Underperforming Student Group (TSI):
  - Schools with one or more student groups that missed annual targets or standards for all indicators for two years in a row

For purposes of ESSA accountability, only schools and student groups with data for 20 or more students are included in calculations.

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, how federal accountability status is determined, and statewide progress toward long-term goals, see these accountability resources.

Important Note for 2021-2022: Due to the COVID-19 pandemic, New Jersey received waivers from the United States Department of Education (USED) in both March 2020 and March 2021 that waived accountability-related requirements in the Elementary and Secondary Education Act (ESEA) for the 2019-2020 and 2020-2021 school years. These waivers removed the requirements to:

- · Calculate indicator scores and summative scores for the 2019-2020 and 2020-2021 school years;
- . Measure progress toward long-term goals and measures of interim progress for accountability indicators for the 2019-2020 and 2020-2021 school years; and
- Identify schools for comprehensive and targeted support and improvement during the 2020-2021 and 2021-2022 school years (based on 2019-2020 and 2020-2021 data, respectively).

As a result of these waivers, any school that was identified for comprehensive or targeted support and improvement during the 2019-20 school year will retain the same status for the 2021-22 and 2022-23 school years.

The NJDOE identified schools across four categories during the 2022-23 school year (based on 2021-22 data):

- · CSI: Overall Low Performing;
- · CSI: Low Graduation Rate;
- ATSI; and
- TSI.

For the TSI identification that occurred during the 2022-23 school year, status in meeting annual targets for the 2018-19 and 2021-22 school years were used since data was not available for two consecutive years.

Additionally, all schools that were previously identified were eligible to exit status at the end of the 2022-23 school year if the NJDOE's Exit Criteria were met.

The NJDOE received approval to make a one-time change to the identification timeline under the COVID-19 State Plan Addendum. Under the approved Addendum, the NJDOE will identify schools for CSI and ATSI status in both fall 2023 and fall 2023. Schools identified for CSI or ATSI status in fall 2022 will be eligible to exit status in fall 2023 if all exit criteria are met. Schools identified for TSI status will be eligible to exit around a remet.

# Accountability

#### **ESSA Accountability Status**

The table below provides the school's federal school status for the 2023-24 school year, the category (or reason) for identification, the year the school is eligible to exit status, and, if applicable, the student groups identified for support. For additional information, the <a href="NJDOE">NJDOE ESSA Accountability webpage</a> includes a list of all schools requiring comprehensive or targeted support and improvement with the amount of School Improvement Aid (SIA) funds received and information on exit criteria for identified schools.

Status for 2023-24 School Year	Not in Status
Category of Identification	n/a
Year Eligible to Exit Status	n/a
Student Group Status: White	
Student Group Status: Hispanic	
Student Group Status: Black or African	
American	
Student Group Status: Asian, Pacific	
Islander, Native Hawaiian	
Student Group Status: American Indian	
or Alaska Native	
Student Group Status: Two or More	
Races	
Student Group Status: Economically	
Disadvantaged Students	
Student Group Status: Students with	
Disabilities	
Student Group Status: English Learners	
Notes	This school was previously identified for Additional Targeted Support and Improvement (ATSI) and has met the
	criteria to be eligible to exit status, effective June 30, 2023.

† This flag is used if a school is identified for Comprehensive Support and Improvement, but one or more student groups met criteria for Targeted Support and Improvement.

## **ESSA Accountability Progress**

The table below shows performance on each of New Jersey's ESSA accountability indicators for the last three years.

ELA and Math Proficiency: Percentage of students who met or exceeded expectations on statewide assessments (NJSLA or DLM)

ELA and Math Growth: For 2021-22 only, this data shows the Relative School Improvement Measure (RSIM), which is based on aggregate scale score improvement on the statewide assessments in ELA and mathematics (NJSLA), when comparing prior year performance to 2021-22 performance. Schools are assigned a percentile rank based on their improvement as compared to schools with similar prior year performance. This is only measured for grades 3-8. The NJDOE plans to resume measuring growth by mSGP in 2022-23.

Four- and five-year graduation rates: The adjusted cohort graduation rate

**Progress toward English Language Proficiency:** The percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs Assessment for English Language proficiency.

Chronic absenteeism: The percentage of students that were absent for 10% or more of the days enrolled during the school year.

Important Note for 2021-22: The NJDOE received federal waivers that waived certain assessment and accountability-related requirements for the 2019-20 and 2020-21 school years. As a result, proficiency, growth, and progress toward English language proficiency data is not available for 2019-20 or 2020-21 and chronic absenteeism data is not available for 2019-20. The growth measure used for 2021-22 is an alternate measure used because median student growth percentiles were not available for 2021-22. The NJDOE plans to resume reporting median student growth percentiles in 2022-23. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

T004 4	0010.00	2222 24	0004.00
ESSA Acountability Indicator	2019-20	2020-21	2021-22
ELA Proficiency			52.6%
Math Proficiency			31.1%
ELA Growth			64
Math Growth			67
4-Year Graduation Rate†			
5-Year Graduation Rate†			
Progress toward English Language Proficiency			13.6%
Chronic Absenteeism		6.0%	14.6%

<sup>†</sup> This table shows the most recent graduation rate for reference, but accountability calculations for a given year use the prior year's graduation rate.

# Accountability

## Accountability Summary by Student Group - 2021-22 School Year

The NJDOE is required under ESSA to identify schools for Targeted Support and Improvement (TSI) and Additional Targeted Support and Improvement (ATSI). Both TSI and ATSI identifications are based on how student groups within schools perform. Schools are identified for ATSI if they have at least one student group that has a summative score that would be in the bottom 5% of Title I schools if it was its own school. Schools are identified for TSI if they have at least one student group that missed annual targets or standards for all indicators for two years in a row. Only student groups that have data for at least 20 students are included in the accountability determinations.

In the table below, the first three columns show information on the identification for ATSI. It shows the summative score for each student group, the cut-off score that was used to identify schools for comprehensive support and improvement (CSI), and whether the school (and student groups) have been identified as requiring ATSI. The remaining columns in the table show whether the student group met annual targets or standards for all indicators for the 2021-22 school year. If at least one student group did not meet all targets and also did not meet all targets in the 2018-19 school year, then the school will be identified as requiring TSI.

For more information about accountability determinations, indicators, and annual targets, see the NJDOE Accountability page.

Student Group	Summative Score	Summative Score Cut-Off for Additional Targeted Support	Requires Additional Targeted Support: Low Performing Student Group	ELA Proficiency	Math Proficiency	ELA Growth	Math Growth	4-Year Graduation Rate	5-Year Graduation Rate	Progress toward English Language Proficiency	Chronic Absenteeism	Requires Targeted Support: Consistently Underperforming Student Group

## Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

- Sayreville Middle School includes grades 6 8 with an enrollment of 1354 students. The school takes great pride in its welcoming environment to support learning.
- · Sayreville Middle School's Character Education Pennant Program/Medal of Honor Program recognizes students for positive behaviors, school involvement and academic achievement.
- Sayreville Middle School has planned and successfully implemented the Unified Elective Program where special education students work alongside regular education students in elective courses.

Sayreville Middle School is committed to providing a learning community that allows all students to feel confident to take risks necessary for their social, emotional, and educational growth. Our goal is to provide students with the opportunity to develop critical thinking and problem-solving skills enabling them to grow into adults who are contributing, independent, empathetic, and informed citizens within the local and global community.

Sayreville Middle School is recognized by Special Olympics as a Unified Champion School which strives to consistently support our Special Education students.

Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

**Courses, Curriculum, Instruction:** 

All students in grades 6 to 8 take the following courses: Language Arts Literacy and Mathematics in blocks of 85 minutes each day, as well Social Studies, Science, Physical Education each in a 40 minute period daily. In addition, all students take elective classes each day which include Art, Music, STEM, Spanish, Instrumental Music, 21st Century Skills, and Technology. Student choice electives include Computer Science, Forensics, Music and Technology, Histories Mysteries, and Art - Explore! Imagine! Discover!

**Sports and Athletics:** 

Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Cheerleading (Girls), Cross Country (Coed), Field Hockey (Girls), Soccer (Boys & Girls), Softball (Girls), Track and Field - Spring (Coed), Wrestling (Boys & Girls)

Sayreville Middle School offers a comprehensive competitive sports program for boys and girls. In addition to the competitive school sports listed above, the middle school collaborates with the borough recreation program and provides recreational sports such as floor hockey, basketball, flag football, etc. after school and in the evening.

Sayreville Middle School offers the following clubs and activities: Student Council, Peer Leadership, National Junior Honor Society, Community Service, Concert Band, Marching Band (with SWMHS), Odyssey of the Mind, Yearbook, Newspaper, Literacy Magazine, etc.

Sayreville Middle School offers Mathematics and Literacy Academies before and after school to address the needs of struggling learners as well as Intensive School Support for struggling students. In addition, English Language Learners have the opportunity to receive supplemental English instruction.

## **Before and After School Programs:**

Faculty and staff have a variety of professional development opportunities available throughout the year. In addition to outside workshops that teachers are encouraged to attend, the district has implemented Sayreville University which offers a diversified menu of workshop offerings that are provided in district.

## Staff and Professional Learning:

**Student Supports and Services:** 

Sayreville Middle School is committed to recognizing and addressing the diverse learning needs of our students. SMS has an extremely active RTI team to identify the learning needs and strengths of students and strives to provide appropriate programming, interventions and support to assist students to achieve in the mainstream school environment. For example, before/after school LAL and Math academies provide supplemental support to regular education, special education and ELL students.

SMS has a successful sit down or "grab and go" breakfast program. Students who qualify for free or reduced lunch are provided with free breakfast daily, students who do not qualify may buy breakfast for a small fee. During lunch periods, a variety of fruits and vegetables are available to all students free of charge. SMS is committed to encouraging students to engage in physical activity. All students receive 200 minutes per week of physical education and daily outdoor recess.

**Parent and Community Involvement:** 

Sayreville Middle School has an active PTO which works collaboratively with teachers and administrators to provide social and academic programs to enhance our students' educational experience. In addition to sponsoring dances, assembly programs and barbecues, the PTO sponsors several afterschool clubs such as the History Club, Drama Club, Baking Club, etc. The school also invites parents and community members into the school to participate in various activities. The school has a parent portal (OnCourse Connect) where parents can monitor student progress. It is found on the sayrevillek12.net website. The Principal also offers once a month meetings known as Coffee with the Principal, which engages the school community in discussion about school related topics.

The Sayreville Middle School is 54 years old and is consistently updating its infrastructure as well as the building's envelope. The school has a number of traditional classrooms as well as a few science labs. The media center is a very large space where students can research via the internet or by traditional resources. There are a number of lab areas within this space where whole classes can visit for educational needs. The building is partially air-conditioned with large spaces recently air-conditioned.
